

## Product Update

This is a brief update to inform you that there have been minor changes made to the **CV3189, 1x3/4" Solvent Elbow**. These changes were prompted by our manufacturer and the need to replace worn tooling.

While the revision in tooling has affected the design of this elbow slightly, there are no significant differences between the revised version and its predecessor.

The updated elbow will continue to be manufactured using PVC.

### Solvent Elbow Update Images

**Current Drain Elbow**

**New Drain Elbow**

This is a running update. The new solvent elbow design will be integrated into production as the current inventory depletes.

For any questions regarding this updated part, call technical or customer service at (800)-777-1426 or contact your regional sales manager. Additional contact information is provided at the bottom of this bulletin.

Thank you.
