

July 1, 2022

Dear Valued Partners,

Effective today, all new orders placed will reflect the updated pricing. Please see the current catalogs below for your convenience. The updated catalogs are also available for download inside the FileHive section of our dealer portal.

Residential Unit and Valve Price Catalog

Specialty Products Price Catalog

(The books available to download through the Dealer Portal of www.Water-Right.com will not be updated until after the price increase is live in our system on July 1st.)

The Freight Program update is also going into effect on any orders placed beginning today, July 1, 2022. Please [click here](#) to review the new offering and learn more about how you can take advantage of these freight discounts offered through Water-Right.

If you have any questions regarding the pricing adjustment or the Freight Program, please contact your Regional Sales Manager or Territory Sales Rep.

All the best,

Brad Walsh
