

Soft water for you and your household.

Whether you have hard municipal water or extremely hard well water, Impression Series® water softeners deliver the clear, soft water you want and need. Its easy-to-read LED screen and user-friendly console allows you to monitor all operating functions. It's true — nothing will last longer than your first Impression.

- Removes hardness
- Softens household water using minimal salt and water
- Soft water prevents mineral buildup and keeps your appliances running smoothly
