

## Acid Neutralizer

### *Enhanced filtration for optimum water quality*

Impression Series® filters are specifically designed to effectively and efficiently treat a multitude of water problems, from both city and well sources. These filters are manufactured to use water efficiently, conserving your water supply while reducing the wear and tear on your well system. The Impression Series water filter can provide the quality water you want without all the unwanted minerals, odors, tastes or acidity.

#### **Acid Neutralizing:**

- Ideal for treating acidic water that can corrode entire plumbing systems

#### **Backwashing Filter with Turbidex:**

- Effectively reduces particles that can enter into household water

#### **Backwashing Filter with Carbon:**

- Reduces chlorine taste and smell common with municipal water
