CATALOG

Terms AND CONDITIONS

ORDER ACCEPTANCE: We reserve the right to accept or reject orders to protect dealer territories, product branding, or other distribution strategies. For this purpose, Internet sales are prohibited unless within the immediate service area of the reseller (typically within 50 miles). Possession of product or price documentation shall not be construed as an agreement or promise by us to sell the products listed.

PRICES: All list prices are quoted in U.S. dollars. All sales are based on pricing in effect at time of shipment. These prices generally coincide with dated, printed price sheets found in this catalog. We reserve the right to change pricing without notice when necessary. We will, however, do our best to notify you should your order not reflect the most current pricing.

TERMS: All sales are net 30 days for approved accounts. Invoices 30 days overdue are subject to interest charges of 1.5% per month. MasterCard and VISA are accepted.

SHIPPING: All orders that qualify for prepaid freight will be shipped with the freight carrier of our choice. If a different carrier or special instructions are requested, the customer may be responsible for additional incurred charges. For orders that do not qualify for prepaid freight, we will ship the carrier of customer's choice whenever possible. Units 18" and larger do not qualify for prepaid freight.

DAMAGED/LOST MERCHANDISE: We are not liable for product damage or loss by a freight carrier. It is the customer's responsibility to check shipments for damage before acceptance of delivery — or to note on freight bill "Subject to inspection for concealed damage." Any damages must be noted on freight bill. Any claims for damage not noted on the delivery receipt is the responsibility of the customer.

ERRORS AND RETURNED GOODS: All returned goods must be accompanied with an RMA (Returned Merchandise Authorization) number. An RMA can be received by calling 1-800-777-1426. We, and our manufacturers, reserve the right to repair or replace defective merchandise. Otherwise, a credit will be issued upon receipt of defective or incorrect materials.

CANCELLATION OR CHANGE ORDERS: Most orders are processed as soon as they are received. Once in production, any cancellation or change on an order may result in charges for labor or materials consumed. Cancellations and/or Change Orders are subject to acceptance by us and may result in a delay to your ship date.

BACK ORDERS AND PARTIAL SHIPMENTS: We make every attempt to ship all orders complete but on occasion this is not possible. In these instances, we will attempt to contact the customer for instructions concerning the resulting back order. Back Orders do not qualify for prepaid freight. We will advise the customer that instead of paying extra freight, to reorder these items on the next order that qualifies for prepaid freight. Any Back Orders will be clearly marked on shipment Packing Lists.

DROP SHIP SERVICES: Orders requesting Drop Ship special handling are subject to pre-approval by our Customer Service Department. A minimum order amount value may be required. Freight charges for this service are the responsibility of the customer.

About THIS CATALOG

This book has been designed as a reference for you. Over the years, Water-Right has experienced on-going changes and improvements. We are very aware that technicians will continue encountering older model equipment in the field and maintaining these units.

This **Legacy Parts Reference Catalog** serves as a reference to makes, models, and parts that are no longer included in our product price books. (For parts reference catalogs for our current models, please contact Customer Service at 800-777-1426 to receive a copy for the product line you purchase.)

You will notice that this **Legacy Parts Reference Catalog** encompasses all Water-Right manufactured brands: Impression®, Sanitizer®, WaterCare®, Evolve®, and CustomCare®. Some parts listed may be proprietary to the model and not available to all brands. We reserve the right to sell exclusive parts to all customers on a case-by-case basis if no other options are available.

Some parts listed in this catalog are limited in quantity or may no longer be available. In most cases, they have been discontinued and availability is beyond our control. Pricing for “legacy” parts will be the same as the comparable modern part in the current product price books. Please call our Customer Service team for availability and pricing on parts.

All of us at Water-Right thank you for your continued support and business. We understand that there other companies to work with and you choose to partner with us. We value that choice and dedicate ourselves to serving you and your water treatment needs first and foremost.

From a humble beginning in a one bedroom home, Water-Right is a company built on quality and integrity.

Since 1963, the family-owned business has proudly engineered, designed, and manufactured all of their water treatment equipment in the U.S.A.

Today, Water-Right's passion begins at home and extends around the globe with factory-trained dealers, distributors, and water treatment professionals.
